

2020 Impact Statement

2020 was **unprecedented.**

The **COVID-19 pandemic** has affected and continues to affect us all in countless ways and hit the entertainment industry hard, **Earth Angel included.**

Before quarantine **shut down production**, we had ambitious goals of topping our impact from past years, but **unfortunately that was not to be.**

Nevertheless, we still want to uphold our **values of transparency and accountability** and share the impact we were able to accomplish since our last impact report.

Here are the highlights from 2020.

Environmental Milestones

SINCE OUR FOUNDING WE HAVE...
Achieved in 2020

Continuing the Green Set Movement

PAs since our founding. This program launches careers that combine a passion for film and a dedication to

the Global Green Media Network to launch a video calling for **the Film & Television Industry**

Our values Statement solidified our commitment to making this movement not only sustainable, restorative and circular, but also **inclusive, equitable and intersectional**

This year we also gained more perspective on what truly matters and as a **purpose-driven, people-first business** we decided to **expand our definition of impact.**

Earth Angel's doors remained open and all of our staff remained employed.

We launched our COVID response package to ensure that our clients can be both Clean and Green.

2020 - Alone, Yet Together

**2 NEW EARTH ANGELS
JOINED THE TEAM**

**THE EA TEAM SPENT A

The Morale Team

Sullivan O'Brien, our morale officer, added a number of members to his morale team this year with the addition of 6 fuzzy and 3 plant-based members.

Let's just say, with 2020, they were very needed and appreciated.

THAT'S A WRAP!

On to 2021

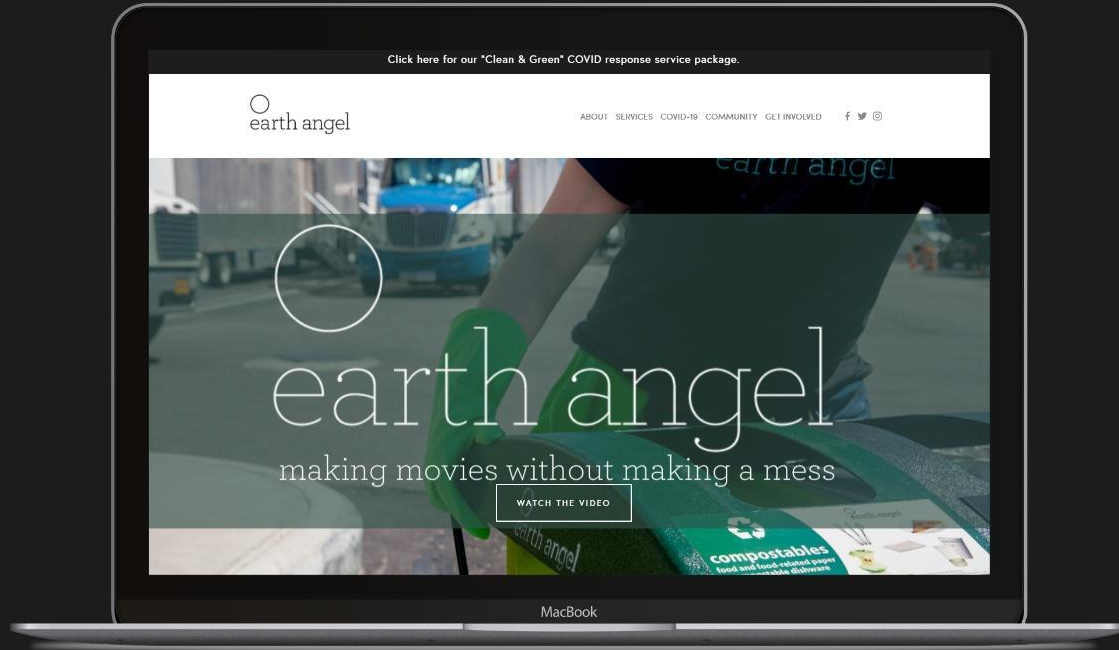

We are all excited to move forward into 2021, carrying all the lessons of 2020 with us. With new productions, innovations and our continued passion for this work, we look forward to everything this year holds.

Sustainably yours,

earth angel
